 -

SECURITY

The organizer will ensure an experienced team of security guards, which will be visibly marked and in no case will not be armed. The number of members of security men will match the size and disposition of the concert venue and usual practice.

Immediately after the arrival of the band, the leader of security guards will be introduced to the representative of the band and will follow his instructions. The organizer will ensure security guards to ensure the safety of members of the band and its technical support, guarding their property (equipment, costumes and personal items, etc.), and throughout their stay until the band's departure.

The organizer further ensures protection of the stage area, dressing rooms, backstage and mixpult. The organizer further ensures the safety of the equipment at the time of loading and unloading.

The Band reserves the right to interrupt or finish performance (withdrawal from the contract with immediate effect), if the band will be the witness of unjustifiable aggressive action of the members guard against visitors of the concert.

ACCOMODATION
